

Request for Proposal: "Procurement and start-up of tanks, equipment and life support system for holding tanks and quarantine area."

Addendum No.3

Amador Foundation, as set forth in the request for proposal, Section V. General Considerations, point 6. Modifications to request for proposals, conducts the following changes to said bidding document:

The Section 2 INFORMATION AND DOCUMENTS TO BE SUBMITTED BY THE PROPONENT, point 2.1 SUBMISSION OF DOCUMENTS, letter A TECHNICAL PROPOSAL, is modified in the following way:

A. TECHNICAL PROPOSAL: General information of the proponent, which includes:

- Name and general data of the company.
- Experience and previous performance in comparable work. Detail experience of the last five (5) years.
- Registration Information stating the names and general data of the Legal Representative for the company.
- Bank reference letter certifying the contractor's financial solvency and satisfactory conduct of the accounts.
- **Two most recent yearly financial statements for the company are optional, but will be required during the contracting phase if the proposal is selected.**
- Full documentation of lead personnel, detailing the experience of each person listed and their ability to perform all phases of the work.
- Detail of proposed methodology and materials for the execution of the works to be carried out.
- Work schedule: Based on the estimated schedule outlined in Clause 5 of Section II of the present document, the proponent must present a proposed schedule listing the sequence of activities to be performed and the proposed time that shall need to carry out the requested work. The schedule should also specify deliverables at the end of each phase.

Note: The rest of the conditions in the Request of Proposal remain unchanged.
